

ESCOs Offering 100% Renewable Electricity in UTILITY LOAD ZONE C** for NYSEG's Residential Customers

Electricity Supply Company	Phone #	Website	Energy source	Location of energy source	Length of plan	Type of plan	Cancellation Fee	Cents per kWh on 8-9-19	Comments
DEFAULT NYSEG	800-572-1111	www.nyseg.com	40% gas 36% nuke 14% hydro 3% coal 3% wind	Regional	0 Month	Variable	None	4.48 cents	Less than 18% of NYSEG's plan is renewable energy as of 2017. The trend has been an increasingly fossil and nuclear-based fuel mix.
Energy Coop of America (based in NYS)	800-422-1475	www.ecamerica.org	46% biogas 27% hydro 27% wind	New York State	0 Month	Variable	None	5.60 cents	Leave your phone # and your call will be returned. Although it is a variable rate, ECA is a co-op, based in NYS and provides local 100% renewable energy at a good rate if you don't need a fixed plan. Be sure to tell them you want the 100% renewable plan, not their fossil plan.
Clearview Energy	800-746-4702 8:30 - 5:30 M-F	www.clearviewenergy.com	100% hydro	New York State	12 Month	Fixed	\$50	5.29 cents online; 5.79 cents by phone	ClearGreenGuarantee12 is Clearview's lowest cost, fixed rate plan - available only via their website. There is a higher kWh rate if you sign up by phone. Therefore, you'll want to sign up on the website!
Clean Choice Energy	800-218-0113	www.cleanchoiceenergy.com	99% wind 1% solar	New York State	12 Month	Fixed	None	5.10 cents by phone; 8.10 cents online	This is Clean Choice's 3rd month on probationary trial; removed 4 months ago due to wildly varied pricing structure, which they still practice. However, at this time, the price by phone only is good for a low fixed 12 month plan.
