

ESCOs Offering 100% Renewable Electricity in UTILITY LOAD ZONE C** for NYSEG

Electricity Supply Company	Phone #	Website	Energy source	Location of energy source	Length of plan	Type of plan	Cancellation Fee	Cents per kWh on 11-08-18	Comments
DEFAULT NYSEG	800-572-1111	www.nyseg.com	43% gas, 33% nuke, 15% hydro, 3% coal, 3% wind	Regional	0 Month	Variable	None	5.03	Only 18% of NYSEG's plan is renewable energy as of 2016. 2017 data will be released Fall, 2018. The trend has been an increasingly brown and nuclear-based fuel mix.
Energy Coop of America (based in NYS)	800-422-1475	www.ecamerica.org	45% hydro, 28% biogas, 27% wind	New York State area	0 Month	Variable	None	6.48	Leave your phone # and your call will be returned. Although it is a variable rate, ECA is a co-op, based in NYS and provides local 100% renewable energy at a good rate if you don't need a fixed plan.
Clearview	800-746-4702	www.clearviewenergy.com	100% hydro	New York State	12 Month	Fixed	\$50	5.09 online rate	ClearGreenGuarantee12 is Clearview's lowest cost, fixed rate plan - available only via their website.
Green Mountain	800-636-5690	www.greenmountainenergy.com	100% wind	National	12 Month	Fixed	\$100	7.02 via telephone	The "pollution-free 12" plan is currently 7.02/kWh, so ASK FOR IT BY PHONE. DO NOT SIGN UP VIA THE WEBSITE. Green Mt. is on "Gerri's probation list" for not correcting its confusing, inconsistent pricing information.
Clean Choice (formerly Ethical Electric)	800-218-0113	www.cleancoiceenergy.com	99% wind, 1% solar	New York State area	12 Month	Fixed	None	5.05 New customer rate via telephone	Clean Choice has knowledgeable staff answering the phone. It is a Certified B Corp. This otherwise good company is on "Gerri's probation list" due to use of excessive snail mail to win customers back plus a cost increase that may be related to this wasteful practice. Ironically, a current low cost 12 month plan is now available.

Data provided by Gerri Wiley 607-342-3159 gerriwiley@yahoo.com

Updated 11/08/2018

** Disclaimer: This listing features ESCOs that Gerri Wiley considers reasonable cost/kWh, and which have a track record of integrity during the past 2+ years of analysis. This is not a complete list of all available ESCOs. While good-faith efforts are made to keep this list up-to-date and accurate, neither Gerri Wiley nor Solar Tompkins nor any of its representatives assert that it is correct. It is intended as an educational resource and people should make their own inquiries and verify current rates before making a choice for electricity supplier.*
